Tall athletes, short athletes, thin ones, fat ones; athletes wearing every color of the rainbow and a few colors not in the rainbow; athletes from high schools in every part of the state—they were all on Rollins Field yesterday afternoon, striving to pile up points for themselves and the folks back home. More than 300 high school students were entered in the thirteenth annual interscholastic meet.

The first heat in the 100-yard dash was run off at 2 o'clock. When the last man had taken his try at the broad jump at about 6:30 o'clock, three state records had fallen and one had been tied.

Only three schools were entered in Class A, Kemper Military Academy placing highest with a total of 60 1-2 points, twenty more than gained by Wentworth, the nearest competitor and Kemper's rival.

Westport Wins in Class B.

Westport High School, Kansas City, with a well-balanced team that captured plenty of seconds and thirds, took first in Class B, with 29 1-2 points.

Harrisonville High School, chiefly through the efforts of two men, led in Class C, in which the largest number of schools were entered.

Individual honors for the day went to Williams, a Mount Vernon youth, who captured 18 1-2 points for his team, by winning three firsts, tying for 2 1-2 points in the high jump and placing fourth in the broad jump. "A second Simpson" was the way this all-around lad was characterized by the crowd that watched the efforts of tomorrow's stars. Marshall Haddock of Kansas City Polytechnic School and Wilson of Kemper pressed Williams closely for the honors. The Kansas City boy, a brother of "Cupid" Haddock, former Kansas track captain and record holder, showed his versatility by entering in both the sprints and the weight events. He amassed a total of 17 points.

15-Year-Old Wins Honors.

Other high point winners were Castle of St. Joseph Central, with 15, and Gray and Hamilton of Harrisonville, with 12 and 10 points respectively. The latter is only 15 years old.

When Marshall of Manual High, Kansas City, heaved the 12-pound shot 48 feet 3 inches, he broke the record of a man known all over the country as one of the world's greatest weight tossers. It was back in 1906 that Lee Talbot, also a student in Manual, established the mark of 46 feet 6 1-2 inches that has held until this year. This same boy Marshall shattered the record for the discus throw when he threw the plate 117 feet 10 inches, breaking by four inches the mark made by Kanatzer of Kansas City Manual in 1909.

The half-mile relay record, of 1:36 3-5, credited to Sedalia in 1911, went by the boards when the Webster Groves quartet negotiated the distance in 1:25 3-5.

Coffin, a sensation from Northeast High, Kansas City, led runners from both A and B classes in the half-mile, finishing in 2:03 1-5, tying a 1907 record made by Keiffer of St. Louis Central.

Calls Meet "the Best Ever."

"The best athletes and the best meet we have ever had," was what Di-

rector Brewer had to say in the gymnasium after the meet.

GIANT PREPAREDNESS
PARADE FOR GOTHAM175,000 New York Men and
Women Stage Plea for
National Defense.

CONTINUES ALL DAY

Starts at 9:30 a. m. and Ends
at 10:30 p. m.—One Or-
ganization Sits It Out.

By United Press.

NEW YORK, May 13.—One hundred and seventy-five thousand men and women, the world's greatest civilian parade, spoke today for preparedness. They marched up Fifth avenue in a twelve-hour demonstration of the belief of being ready.

No parade in American history ever approached the number who trudged enthusiastically from City Hall Park to Fifth avenue and Fifty-ninth street. Half of the 10,000 New York militia wore no uniforms. There were no clever drill formations.

In addition to the 25,000 women marching in line, there were 1,600 women of the National Civic Federation sitting for preparedness under the direction of Miss Anne Morgan. Serving in three-hour shifts, these women kept their stand at Twenty-fourth street crowded during the hours from 9:30 o'clock in the morning to 10:30 o'clock at night.

Only two vehicles were in the parade. One was occupied by Mayor Mitchell, the other by Major-General Wood.

Colonel Charles H. Sherrill, formerly United States minister to the Argentine Republic, was grand marshal, with Major Alfred R. Whitney as chief of staff.

Calcium lights from the tops of buildings illumined the path of the parade. Powerful searchlights were installed.

THE WEATHER

(Report Issued Saturday Morning.)
For Columbia and Vicinity: Probably showers; not much change in temperature.

For Missouri: Probably showers; not much change in temperature.

Weather Conditions.

Mostly fair weather prevails in the eastern and southern states, but west of the Mississippi it is unsettled. Precipitation of the past twenty-four hours, however, was confined to Kansas, Missouri, Iowa, Nebraska, South Dakota and Wyoming; in the two last named there has been considerable snow.

In all of the cotton region and in Kansas and Missouri, temperatures approximate the seasonal average, but from Iowa and Nebraska northward and westward the weather still is unseasonably cool. Frosts again occurred generally in the Rocky Mountain, and North Pacific states.

The southwest low pressure has increased in development, and is moving slowly northward. It will likely dominate the weather in Missouri during the next thirty-six hours, resulting in showers during Sunday. Temperature will not change much.
